Kitchen Range, \$18; Oak Extension table, \$9; washing machine in good shape, \$10; 4 dining room chairs each, \$1.50; a good selection of player piano rolls, at 50c each.

W.H. Chamberlin

Want a Larger Church.

The annual meeting of the Knox United Church and affiliated appointment took the form of a fellowship gathering last Monday evening. About 250 people sat down to the well-stocked table. An enjoyable sing song followed the dinner, at the close of which the Trail Rangers put on a sketch. The concerts was of high order. Miss Ranton gave a piano solo; Mrs. J. R. Miller and Mrs. J. Boorman a piano duet; Mr. Owen Conquest rendered a troublous solo; Mr. J. Robertson sang a couple of conies; The choir of the United Church, Didsbury, gave an anthem; violin solo by Miss Sangstad completed the program. During the intermission the business part of the meeting was held, and reports were given from the S.S., Ladies Aid and the Managing Board, which showed that all departments are in a healthy condition. Rev. A. E. Hayes acted as chairman for the evening.

A need has been felt for some time for better accommodation and a movement is on foot to build a new Church, using the present one for mid-week activities especially for Trail Rangers, C.G.I.T. or whenever the occasion demands. The following were asked to constitute the building committee: W. J. Scheidt, Dr. W. G. Evans, W. J. McKay, C. F. Dooley, F. W. Loeson, H. W. Chambers, and C. W. Gibbs, G. Burns, J. Robertson and H. Walsh. At a meeting held after the concert, Mr. H. W. Chambers was asked to act as chairman, of the Committee and Mr. Gibbs as secretary. A further meeting is to be held in the Church on Monday, February 20th at 8 p.m.

Rugby.

The February meeting of Rugby W.L. was held at the home of Mrs. J. A. Hughes with fourteen members and three visitors present. It was decided to hold a social evening for the community at Rugby school on March 2nd and a committee of five was appointed to look after all arrangements. After all the business was finished, the subject for this meeting was taken up, and a very interesting paper on agriculture was given. This with some community singing completed our afternoon's program and the meeting closed with the national anthem, after which lunch was served by our hostess.

We are glad to have Mrs. Parker amongst us again and hope she will soon be fully recovered that her recent operation will seem but a very unpleasant dream.

A large number of folks from our community attended the dance at Fallen Timber our Friday night and report a very good time.

Don't forget that the Cheer-up Club is putting on a good entertainment and a dance with a box social on February 17th at Rugby school. Proceeds to go toward paying for the piano. A real old time dance is planned on March 1st at Rugby school.

End of the Season

Few citizens in the town seem to be aware of the fact that Didsbury possesses one of the fastest hockey teams in the league and with the possible exception of Camrose, we are not certain that it isn't the fastest.

Whatever stand is taken on the subject of the fastest team, it is almost certain that Didsbury's team will take the premier honors for the season's playing, as it now holds the top place in the league, with the Olds team as runner-up.

The team has kept itself in pretty fair condition, practically all the season, and this, without a doubt, has been the chief contributing factor in its success and the players are to be congratulated on the able manner in which they have consistently won out in game after game with the other teams in the Provincial league.

A good hockey team is a most valuable asset to any town, as it not only adds greatly to the social and sports side of the community, but it also serves to bring the name of the town or community before a great many people and acts as a big factor in keeping their attention fixed upon it.

Leaving out the great benefits derived from the crating of a healthy enthusiasm for this splendid game, the profits accruing from the entertaining of the people in the different towns, and considering only the publicity given to a good hockey team, one realizes that the value of the advertising the town receives can

hardly be over-estimated and this reason alone should be amply sufficient to place every good citizen solidly behind the team and afford it every support.

The game at Olds on Friday night was characterized by some really fast hockey at times, but the Olds boys were unable to make much headway.

Leisner was back to his old form again and plunked in a couple of tallies, while Evans rendered his usual snappy play and likewise tallied twice. Cook was also going strong but only managed to tighten the net for a single, despite repeated tries. Studer and Reiler, with Marks at the cage, proved to be the same old invincibles and their occasional sallies didn't altogether prove reassuring to the enemy, as Studer ripped a tally in. The game ended with the score at 6 to 2.

A farmer in Southern Alberta had thirty head of cattle for sale and asked the Southern Alberta Co-operative Ass'n to handle his cattle for him. Drivers approached him and offered him \$19.50 for the lot. When the car was loaded, the offered the Co-operative shipper \$24.00 for the cattle, but were told that they were going to the open market. The cattle were sold to the Co-operative and they returned to the farmer a net \$26.50 (just \$700.00) over and above the driver's price.

Wives may begin now to prepare for hard and fast work in the future as the new men's suits are said to contain twelve pockets.

CHILBLAINS

Zam-Buk soon allays the inflammation and swelling, ulcers, itching pain, and soothes the maddening irritation. Where skin is broken, festers, or ulcerated Zam-Buk is doubly valuable because of its great healing and antiseptic power.

Zam-Buk

WORLD HAPPENINGS BRIEFLY TOLD

A contract for construction of a grain elevator has been let by the New Westminster Harbor Commission. The cost of the elevator will be about \$500,000.

The establishment of a department for the promotion of peace and international understanding is advocated by Miss Agnes MacPhail, Progressive, Southeast Grey.

Hon. C. A. Dunning, Minister of Railway, introduced in the House a bill to provide for the construction of a line of railway between Rosedale and Bullpound, Alberta.

Patrick Murphy, aged 44, was added to the list of victims in Winnipeg when he was found dead in a bed in a rooming house, as the result of drinking wood alcohol. He is the 12th victim within the past two months.

Sir Robert Borden was chosen president of the National Council of Canada, Institute of International Affairs, at the first annual meeting held in Ottawa. John W. Daffoe, Winnipeg, was elected vice-president.

Professor Johannes Fibiger, winner of the Nobel Prize for medicine in 1926, died at Copenhagen. Professor Fibiger, who was on the faculty of the University of Copenhagen, was awarded the prize for his work in cancer research.

The scope of treaties arrived at by the Pan-American conference has been widened to include the world instead of the U.S. and two Latin-American republics. The treaties involved are those dealing with commercial aviation.

Admirers of many nationalities attended the funeral of Vicente Blasco Ibanez, noted Spanish author, who died at Mentone, France, in voluntary exile. A company of Alpine chas-seurs—the famous blue devils—rendered military honors.

For Scalds or Burns.—Dr. Thomas' Electric Oil is a standard remedy for the prompt treatment of scalds and burns. Its healing power quickly soothes the pain and adds a speedy recovery from the injury. It is also an excellent remedy for all manner of cuts, bruises and sprains, as well as for relieving the pains arising from inflammation of various kinds. A bottle in the house and stable saves many a doctor's and veterinary's fee.

Special Kinds Of Bricks

Sand-lime bricks, cinder blocks, and cement blocks are made at many points in Canada, both in competition with ordinary clay bricks and pressed bricks, and also for use in localities where ordinary bricks are not available except at relatively high cost.

Britain Is Following Disarmament Plan

Have Decided To Abandon 10,000 Ton Vessels For the Present

The British Government, it was announced at London, has decided to go still further in its policy of naval disarmament indicated after the failure of the tri-partite conferences.

The building program passed in 1925 provides for the laying down of one 10,000-ton cruiser and two 8,000-ton cruisers in each of the three years, 1927, 1928 and 1929. The First Lord of the Admiralty, Right Hon. W. C. Bridgeman, recently announced that it had been decided to abandon all the 10,000-ton vessels for the present and that one of the projected 8,000-ton ships might be carried over until 1928-29. Now it has been determined to abandon the latter vessel altogether.

The net result is that in the two years in question only three 8,000-ton vessels will be laid down, instead of four in this class, as originally proposed. Together with the elimination of the 10,000-ton ships, this will mean the saving of about £5,500,000 (\$27,500,000). It is understood that the program for destroyers and submarines will remain unchanged and that construction of nine destroyers and six submarines will be included in next year's program.

Cuts-Burns

Vicks' healing, anti-septic ingredients bring soothing relief. Apply gently.

VICKS VAPORUB

OVER A MILLION JARS USED YEARLY

Was Great Shopkeeper

Large Business Built Up In England By John Sainsbury

John James Sainsbury, founder of Messrs J. Sainsbury, provision merchants, who has died at his home at Highgate, N., London, Eng., at the age of 83, is described as one of Britain's greatest shopkeepers.

He started as a boy in an oil shop in Drury Lane, and when he married at the age of 24—59 years ago—he opened a cheesemonger's shop in the same street. He lived to see this tiny shop develop into a colossal business, which owns more than 100 shops in London alone, and many more in the provinces.

This business is estimated to be worth nearly £1,500,000 (\$7,500,000), and it is still in the Sainsbury family, all the shares being held by Mr. John's six sons and six grandsons.

From the time when Mr. Sainsbury began to make his Drury Lane shop a success he could never be tempted to buy anything other than the best, and this, combined with the facts that he tried always to present his goods in the most attractive way and to have them sold by the most attractive assistants, accounts for his success.

Receives Handsome Gift

Self-Made Millionaire Gives Year Income To University Of California

P. Giannini, born 47 years ago in a humble rooming house in San Jose, Calif., of poor Italian parents, has placed his 1927 income, \$1,500,000, at the disposal of the University of California.

Under the terms of the gift \$1,000,000 goes towards the establishment of the Giannini foundation of agricultural economics, and \$500,000 will be used for the erection of a building on the university campus in Berkeley, dedicated to ways and means of relieving and improving the economic condition of farmers, dairy and livestock men and fruit growers in California.

Exhausted From Asthma. Many who read these words know the terrible drain upon health and strength, which comes in the train of asthmatic troubles. Many do not realize, however, that there is one true remedy which will usually stop this drain. Dr. J. D. Kellogg's Asthma Remedy is a wonderful check to this enervating ailment. It has a countless record of relief to its credit. It is sold almost everywhere.

Feldspar Of High Quality

Canadian feldspar enjoys a well-merited reputation in the economic industries, being of high grade and of uniform potash content, analysis of samples from a number of quarries showing a potash content of about 12 per cent.

Some scientists think that the rings around the planet Saturn are composed of large masses of dust particles.

A false friend and your shadow attend only when the sun shines.

Short of Breath Dizzy, Sinking Spells COULDN'T WALK FAR

Mrs. L. A. Oliver, Granville Ferry, N.S., writes:—"A few years ago I had dizzy, sinking spells so bad I could hardly stand up without taking hold of something to support me, and I could not walk any distance on account of being so short of breath."

"I had taken a lot of doctor's medicine, but it did me no good, only for the time being, so reading in the R.E.B. almanac about

I decided to try them and found them to be just what they are recommended to be, and I feel that I owe my life to them."

Price 50c. a box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

SUNDAY SCHOOL LESSON

FEBRUARY 12

JESUS PICTURES THE KINGDOM OF GOD

Golden Text: "Thy Kingdom come. Thy will be done, as in heaven, so on earth."—Matthew 6.10.

Lesson: Mark 1.14, 15; 4.1-34. Devotional Reading: Psalm 145. 7-13.

Explanations and Comments

I. The Growth Of The Church Of God Is Sure: It Depends Upon God, verses 26-29. A definition of the phrase, the Kingdom of God, can only be gleaned by studying the various ways in which Jesus used it. In His parables we learn that it has to do with man's spiritual nature and possibilities, his inner life. We might define it as the reign of God in the hearts of men: "The Kingdom of God is within you," said Jesus.

There is no geography in the Kingdom of God. On an ancient Syrian fragment the familiar words of Luke 1.33 read, "and to His Kingdom there shall be no frontier"; it is for all the world and for every creature. There is no chronology in the Kingdom of God; it is both present and future. As Alexander McLaren writes: "It is present wherever wills how to God; it is future as to complete realization, in a heaven from whence it comes and to which, like its King, it belongs even while on earth." In the earthly province of the Kingdom its subjects are fighting the good fight; in the heavenly province they have gained their crowns of righteousness.

A parable is a story told for the purpose of illustrating a truth. The parable of "The Seed Growing Secretly," or of "The Blade, the Ear, the Full Corn," as it is also sometimes called, portrays the slow but sure growth of the Kingdom of God in the hearts of men. "So is the Kingdom of God," thus Jesus begins his parable. That is, what you see to be God's method of working in nature is also His method of working in the spiritual realm. So is the Kingdom of God, as if man should cast seed upon the earth (as Jesus and the Apostles and His later followers have implanted the word of God in men's hearts); and should sleep and rise night and day, that is, lead his customary life, leaving the result of the sowing with God; and the seed should spring up and grow, he knoweth not how. "The Kingdom of God cometh not with observation," Jesus told the Pharisees.

It Bids Pain Begone.—When neuralgia racks the nerves or lumbago cripples the back is the time to test the virtues of Dr. Thomas' Electric Oil. Well rubbed in it will still the pain and produce a sensation of ease and rest. A trial of it will establish faith in it.

Recipes For This Week

(By Betty Barclay)

LEMON JUNKET BAVARIAN

- 1 package lemon junket.
- 1 tablespoon powdered sugar.
- 1/2 cup chopped walnuts.
- 1/2 teaspoon almond extract.
- 1 pint milk.
- 1 pint cream.
- Marshmallows.
- Tart jelly or cherries.

Cut marshmallows in quarters with shears and place in bottom of dessert glasses. Whip cream, almond extract and sugar together until stiff, add chopped walnuts. Warm milk slightly, in separate dish, dissolve in it the junket powder, quickly pour this into the cream mixture, stir a moment carefully. Pour at once into the glasses. The nuts and marshmallows will rise to the top. Let set until firm. Then chill. Top with bits of tart jelly.

Scalloped Ham and Potatoes

Into a well-buttered pan put slices of raw peeled potatoes and a little pepper. Then a layer of uncooked, sliced ham. Add another layer of potatoes and ham and pour on thin cream sauce (1 tablespoon flour, 1 tablespoon butter, to 1 cup milk). Sprinkle bread crumbs on top and bake in a moderate oven until brown, and potatoes are well done. Serve hot. Just enough ham can be used to give the desired flavor, which has the advantage of making a little ham go a long way. For picnics this can be baked at home in a heavy tin dish with a cover and reheated over hot water on a camp fire.

Extending Hudson Power

During the year 1927 hydro-power equipment was installed in Canada ready for operation to the extent of more than 221,000 h.p. In addition other undertakings were advanced to such a stage that a further total of 378,000 h.p. will be in place during the first six or seven months of 1928, thus bringing the total by the middle of the year to more than 5,100,000 h.p.

Cunard and Anchor-Donaldson LINES

for Coughs and Colds

A Pleasant Sip—Instant Relief

There is an effective way to pleasantly relieve that distressing Cough. Buckley's Mixture is delightful and "friendly". Yet it acts like a flash in clearing the throat and chest. One dose stops coughing—and there are 40 doses in a 76-cent bottle! All druggists sell it under a money-back guarantee.

W. K. Buckley, Limited, 142 Mutual St., Toronto 2

BUCKLEY'S MIXTURE

Acts like a flash—a single sip proves it.

A scientist says that the next war will be fought with insects. He seems to be under the impression that war is a picnic.

Sore Back.

Drive away the pain by massage with Minard's.

Cork was first used for bottle stoppers between 1680 and 1715 by a monk of the Abbey of Haut Villers, France.

Recognized as a leading specific for the destruction of worms, Mother Graves' Worm Exterminator has proved a boon to suffering children everywhere. It seldom fails.

Nellie Grant, daughter of President Grant, married Captain Sartoris in the White house in 1874.

The BABY

Why do so many, many babies of today escape all the little fretful spells and infantile ailments that used to worry mothers through the day, and keep them up half the night?

If you don't know the answer, you haven't discovered pure, harmless Castoria. It is sweet to the taste, and sweet in the little stomach. And its gentle influence seems felt all through the tiny system. Not even a distasteful dose of castor oil does so much good.

Fletcher's Castoria is purely vegetable, so you may give it freely, at first sign of colic; or constipation; or diarrhea. Or those many times when you just don't know what is the matter. For real sickness, call the doctor, always. At other times, a few drops of Fletcher's Castoria.

The doctor often tells you to do just that; and always says Fletcher's. Other preparations may be just as pure, just as free from dangerous drugs, but why experiment? Besides, the book on care and feeding of babies that comes with Fletcher's Castoria is worth its weight in gold!

Children Cry for

Fletcher's CASTORIA

PAINTED FIRES

BY NELLIE L. McCLUNG

COPYRIGHT, CANADA, 1925

CHAPTER XVIII.—Continued

They were in the kitchen, Mrs. McMann peeling a tub of potatoes for the evening slaughter, and Helmi dampening clothes for the next day's ironing. The latter lifted her dreamy eyes from the basket of clothes. "Ain't clean clothes beautiful?" she said, "all full of nice smells of good air and sun. I like clean clothes like flowers."

Mrs. McMann regarded her with a puzzled look. "Sometimes I wonder about you, Helmi, dear," she said kindly, "you seem so queer, and hardly all there. You don't seem to hear what people are saying to you—with your dreamy looks and the queer things you say."

"Were you speaking to me, Mrs. McMann?" Helmi asked politely, "I am sorry if I did not answer right. What was it you wanted me to tell you?"

Though outwardly pleased to have Helmi back again, Mrs. McMann's anger burned against the girl because of the fervent expression of joy her return brought from the men. Devout thanksgiving was expressed the first day she was there to wait on the table.

"Helmi at the helm again?" one little Jew cried out. "Don't leave us, Helmi—we missed you so! Don't leave us even if you did get married; we're willing to forgive you anything but desertion. 'Gosh, I'm glad to see you,'" said the time-keeper, a man who seldom spoke.

"See here!" Mrs. McMann broke in, "what's the matter with you all? Didn't I feed you?—Darn you! Didn't I sling grub here every day and hire a Chinaman to cook?"

"It's just we're glad to see her back—she's a pretty, young thing, and we like to look at her, Mrs. McMann," said the mine boss, whose special duty it was to keep peace. His wife had gone East and he was taking his meals at the boarding house. "The boys don't mean no harm to you."

Mrs. McMann's eyes narrowed. Helmi's agile movements, her boyishly slim figure, her perfectly rounded face, and the brilliancy of her color—

YOUNG WOMEN SUFFER MOST

These Two Found Relief by Taking Lydia E. Pinkham's Vegetable Compound

Ayer's Cliff, Quebec.—"I have been teaching for three years, and at the end of the year I always feel tired and have no appetite. I was a full sick each month, too, having pains in my back until sometimes I was obliged to stop working. A friend recommended Lydia E. Pinkham's Vegetable Compound to me and I heard many women telling how good it was so I thought it would help me. And it did. Now I take six bottles every year and recommend it to others."—DONALDA FANTEUX, Ayer's Cliff, Quebec.

"Unable to Work"

Canning, Nova Scotia.—"I had irregular periods and great suffering at those times, the pains causing vomiting and fainting. I was teaching school and often for some hours I would be unable to attend to my work. Through an advertisement in the papers I knew of Lydia E. Pinkham's Vegetable Compound, and it has been of great benefit to me, the troubles being completely relieved."—LAURA J. EATON, Canning, King's County, Nova Scotia.

W. N. U. 1719

ing, gave her the same shock of bitterness the old actress feels when her theatre shakes with applause for the new star. Mrs. McMann, in her young days had "queened" in many a camp, where the youngest woman always travels next the pole. Now, by contrast with Helmi, she was merely a grindy-gray, stout old woman, withered and battered by time, in the sight of men—and she knew it, and with the thought came a smouldering hatred of the unconscious cause of it.

One day when Helmi came in Mrs. McMann noticed the color of her cheeks was not so brilliant, and her eyes looked heavy and red.

"Frettin', are you Helmi?" she said; married three months and frettin' already. That's not good—no man is worth frettin' over. By Gosh! I'll bet Jack's not frettin'. If there's a pretty girl in sight, Jack will be sparkin' up to her and makin' her think she's the only girl he ever looked at. Men are all the same—don't I know them! I should, I've had three men already. But I'm done—I wouldn't marry the richest man in the world, not if he went on his bended knees to me."

Mrs. McMann, with her hair in flaring curl papers, dressed in a faded and shrunken old wrapper which had lost some of its buttons in the course of its career, with shoes unlaced and the tongues hanging out, did not look much like the lady who would command abject homage.

Some such thought as this must have shown in Helmi's face, for Mrs. McMann went on. "I was good enough lookin' when I was your age, too, and had lots of fellows crazy about me. I made my first mistake when I got married and began to raise a family. Then I lost my looks and my figure. Lord! ain't the world hard on women. It's just like the potatoes that are planted in the ground—the old one has to die to make a new plant. The old one rots, while the new one springs."

Helmi shuddered. "That's bad talk," she said hesitatingly. She wished she could have said it in her own language. "God made the world this way. It can't be as bad as you say. Lots of good men there are, and happy women, too, and it's all right for women to have families." "Oh, you don't say so?" snapped Mrs. McMann. "I suppose the next thing we hear—"

Here the conversation was interrupted by old Sim's arrival. Having slept all day, he had come in for his evening meal, blinking at the light like a bear in the Spring.

Simeon Maskerville was a long, lanky man of uncertain age. His gray beard was tangled and knotted, but his eyes were young still, and, although generally half closed, as if the light hurt them, capable of seeing all that was happening. Simeon had the appearance of a flower that has grown stringy and pale for lack of light, or a potato that has lain in a forgotten corner of the cellar. He fell at once to talking, not wishing to lose any of the precious hours of conversation, remembering that the long night was coming wherein no man would be found to whom he could talk.

"Speakin' o' false teeth," he began, although no one had been speaking of them, "I lost my job with the C.P.R. over mine. I was engineer on the flyer when it happened, and happenin' to sneeze, out they flew into the grass. Just natcherly I stopped the train—Stars! I would have done as much for anyone—no man could do less than stop! and I hops down, for I had marked the place, and I walks right to them, dusted them off on my elbow, and puts them in. It didn't take no time. But the company was sore. The

chief heard of it and calls me in. I often wish I hadn't been so hasty—anyway I quit, I says to him, I says 'No man can talk that way to me and get by with it.' I spoke easy and gentle, like I always do, but it seemed to cut him to the heart. He just couldn't stand it from me. When I was goin' out, head up, I thought I heard him call. I never turned—maybe I should 'uv—I don't know."

"The C.P.R. seems to have got along all right since you left, Sim," said Mrs. McMann, testily.

"So have I, Mrs. McMann," said Sim, gently, "beautiful—never out of work—always a place for old Sim. I've had to rough it a little some times—eatin' at queer joints sometimes—associating with odd sticks here and there—that's the worst; but even at that I manage. I do not mind like some people; memory, my dear Mrs. McMann, of dear, dead days, though forever gone, can be very sweet, and I like to see the happiness of other people. Now here's Helmi and Jack, I'm that happy over those two kids, it seems like it brings all back to me. It was springtime when Martha and me went off and surprised everyone. Springtime in old Ontario, when daft little lambs were springin' up and down on their crooked little legs, and the air was full of that blue haze that trails on the trees like rags; and the frogs in the ponds were saying 'Is tomorrow come yet?' You know the story, don't you, Mrs. McMann, of how the frogs was coaxed to go in for one day to the pond, and promised they would sure get out tomorrow?"

"Oh shut up, Sim, and eat your supper—I can't be bothered to listen to you."

Helmi looked up quickly. "I like Sim's talk," she said, "he says good words."

"He's just an old plaster, Helmi, and would rather talk than eat if he can get anyone to listen to him. He's like the canal-boat back home—the engine always had to stop when the whistle blew—that's Sim."

"But I like it," Helmi said again; "He talks kind. Tell me about the frogs, Sim."

"Some day I'll come to see you, an' I'll tell you, Helmi," Sim spoke with dignity now. He had been assailed professionally and could not recover all at once.

"He's trying to bum a meal, Helmi," said Mrs. McMann brutally. "I know him."

"Come on Sunday for dinner with me, Sim, and then you can tell me," Sim nodded gratefully.

"It is the long black nights, Helmi, black without a star, silent, empty, not a voice, not even a dog-bark. I have been a night-watchman for ten years—no wonder I have a cravin' for voices and friends. Yes, I will come, Helmi, and thank you for being so kind."

Helmi's heart grew tender as she thought of the lonely old man sitting alone in the long dark night, stark with silence; for although she had been only two weeks alone, she knew what loneliness and fear a night can hold when one lies open-eyed, staring into the black, unanswerable depths, wondering, wondering. One can imagine such terrible things of lost men in trackless wildernesses. And Christmas seemed far away!

(To Be Continued.)

Under Patronage Of Prince

His Royal Highness Sponsored Publication Of Canadian Birdland Poems

His Excellency Viscount Willingdon has accepted a copy of W. Havelock Robb's volume of Canadian Birdland poems, "The Quill and the Candle," which appeared just before Christmas under the patronage of His Royal Highness the Prince of Wales.

The Prince has acknowledged the arrival at St. James Palace of the volume of poems, the original command for which he gave last June.

The "Command" copy was an example of the Canadian binders art. It was done in green suede, gold and red with silk inside the covers and the presentation inscription inside was in gold lettering on suede.

Post Offices In Canada

In addition to 12,370 post offices in Canada, there are 3,784 rural mail routes on which are 199,470 mail boxes. The Canadian post office system embraces a territory more extensive than that of any other system in the world except the United States and Russia.

COOL AND FRAGRANT

A Boon For Motorists

Swedish Doctor Invents Spectacles As Protection Against Glaring Headlights

Soon you may be able to drive at night undisturbed by the glare of oncoming headlights. A new kind of "specs" made especially to protect motorists' eyes, from blazing lights, has been invented by Dr. Carl G. Bostrom chief medical officer of the Swedish navy. The spectacles are a clever combination of a German type of glass, greenish-yellow-gray in color, that shades into clear glass at the bottom of the lenses. The upper part shields the eyes from irritation; the lower permits unobstructed vision on the road for driving.

Little Helps For This Week

"He that is slow to anger is better than the mighty; and he that ruleth his spirit than he that taketh a city."—Prov. xvi. 32.

Let each man raise
The self by soul, not trample down the self;
Soul is self's friend when self doth rule o'er self.
—Song Celestial.

Alberta's Coal Production

Coal production in Alberta last year was the largest ever, reaching a total for all grades of 6,924,755 tons. Figures compiled by the mines branch show that 1927 went 27,832 tons ahead of the best previous year, 1926, thus establishing a record.

Life's current coin is made of plain common sense.

Toronto's Population

Toronto's population is estimated at 569,899 in the report of the city assessors, just issued. This is an increase of about 13,000 for the year.

GREAT PRAISE FOR BABY'S OWN TABLETS

The Dr. Williams' Medicine Co. have received the following letter from Mrs. Griffith, of 21 Merchison Ave., East Hamilton, Ont., concerning her experience with Baby's Own Tablets:

"Dear Sirs,—I wish to thank you for the handy little booklet you sent me on the Cure of Children. My baby boy was six weeks old when I first used Baby's Own Tablets, being new to Canada but since the first proof of their many uses in bringing up a family, I have never been without them; for they are worth their weight in gold. There is no trouble in getting the little ones to take them and they often prevent an illness if taken in time. My first baby is now, at the age of four and a half years, a picture of health, and my nine-months-old baby is also well and happy. They are both a real good sample of what Baby's Own Tablets can do, for I have never yet needed a doctor for either of them."

The booklet to which Mrs. Griffith refers is entitled "Care of the Baby," and treats with what a mother ought to know for baby's sake. A copy of the booklet will be sent free to anyone requesting same from The Dr. Williams' Medicine Co., Brockville, Ont.

In the matter of bank salaries, the question is: "Should a teller tell?"

Minard's Liniment relieves pain.

A cherry tree developed in Japan produces flowers and leaves the year round.

When Food Sours

About two hours after eating many people suffer from sour stomachs. They call it indigestion. It means that the stomach nerves have been overstimulated. There is excess acid. The way to correct it is with an alkali, which neutralizes many times its volume in acid.

The right way is Phillips' Milk of Magnesia—just a tasteless dose in water. It is pleasant, efficient, and

harmless. It has remained the standard with physicians in the 50 years since its invention.

It is the quick method. Results come almost instantly. It is the approved method. You will never use another when you know.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any drugstore.

Meet me at Ranton's

The Store With a Conscience

LOCAL & GENERAL

K. R. McLean, R.O., Sight Special-
ist, 212 Herald Bldg., Calgary, will
make his monthly visit to Didsbury
on Saturday, February 11th. Office
adjoining Dr. Evans.
Phone 113, evenings, for appoint-
ments.

The W.C.T.U. will hold a Fran-
cis Willard memorial meeting at
the home of Mrs. H. Reiber, on
February 21th at 3 o'clock sharp.
Members and friends take notice of
the change in the day of meeting
and watch for further announce-
ment next week.

The I.O.D.E. will hold a novel-
ty dance on St. Valentine's Day
February 14th. The famous Clem-
ens-Bellamy Orchestra will be in
attendance. Fun for the young
and fun for the old. Everyone
welcome. 2-9

In the game between the Rosebud
team and the "Hammer and Ben-
lem" aggregation last Thursday
night, the two teams clashed in some
pretty fancy hockey, at the end of
third period, the score stood at 3 to
2. In the first ten minutes over-
time each side scored a point and in
the second each side also scored a
point—finishing at 5 to 5. The only
incident of an out-of-the-way nature
occurred when Sparrow, the Rosebud
goalie, tried to sign the referee, but

the referee came from the other side
and wasn't bending that day and as
he couldn't find his hammer nothing
further was said.

The Rosebud lineup included Wil-
son, Irwin, the two Evans brothers
Mayberry, Herber, Sparrow and
Kline.

The Westcott W.I. will hold a sale
of farm produce, home baking and
candy at the Hub on the afternoon of
Saturday, February 18th. This will
be a good chance for housewives to
stock up on fresh butter, cream,
home-made bread, etc.

A. H. Dedels, of the Rosebud
Dairy, took second place in the milk
scramble among the big dairies, at the
Alberta Dairy Pool's Convention, re-
cently; while J. M. McDougall swept
away with the fourth prize in the
cream competition, also held there.

We are glad to record the complete
recovery of Miss Mary Newton from
a dangerous illness during the last
month.

The Rev. Mr. Leacroft, recently of
Bassano, held service in the Anglican
church here on Sunday. It is rumored
that Mr. Leacroft will have charge
of the district till the Rev. Mr. Clay
returns. If this rumor is true the dis-
trict may congratulate itself on the
fact that one of the most learned and
loyal clergymen in the West is work-
ing here.

The Rev. M. Leacroft is a man of
wide attainments and is the posses-

sor of a most agreeable personality
which makes him most popular where-
ever he goes. Unfortunately during
the last year or two he has been sub-
ject to indifferent health and his ad-
vanced age renders it extremely hard
for him to make recovery. We sin-
cerely wish him a speedy recovery
and hope that he will again be able
to do his work in his usual capable
manner.

Mr. A. G. Studer has been confined
to his bed the last week with a severe
attack of flu.

Mr. David Sinclair, confined to his
room all last week, was a little better
on Sunday and went out for a ride.
On returning home he had caught
cold again and this brought on an-
other relapse.

One of the largest sales in the dis-
trict was that held recently by Mr.
Jack Johnson, when, under the ham-
mer of J. W. Phillipson, some of the
highest prices of the season were
cached.

Ed. Blain got a new Chevrolet re-
cently.

A new machine, just invented, will
hack a bird in 45 seconds, says a
news service. That's nothing. We've
seen birds get skinned in less time
than that.

The U.F.A. are holding an Old
Time Dance at Didsbury on Tues-
day, February 21st. Clemens-Bel-
lamy orchestra. Lunch will be
served at midnight. Dance starts
at 8:30 p.m.

The Rev. A. E. Hayes addressed
the U.F.A. meeting on February
1st, his subject being "The Six
Fundamentals of Happiness." The
speech was well rendered and was
given hearty applause at the close.

Mr. David Irwin gave a report
on his work at the Convention in
Calgary.

Rev. Attwood of Ogden was here
on Wednesday and officiated at
the funeral of A. E. Smith. Mr.
and Mrs. Leadbetter entertained
him before and after the funeral.

Mr. Robert Smith of the London
& Scottish Assurance Co. was in
town this week.

On Saturday, February 11th, the
greatest film of the year will be
shown. Emil Jennings, in his best
characterization, is starring in the
"Way of All Flesh."

Lost

Last Monday night. A pair of
large rimmed glasses in a brown
leather case. Finder please return
and receive reward. J. R. Miller.

Even Rice Hurt Girl's Stomach

"I had indigestion so bad I was
afraid to eat even rice. Adlerika has
done me so much good that now I
eat anything."—Ardenia Howard.
Adlerika relieves stomach gas and
sourness in TEN minutes. Acting on
BOTH upper and lower bowel, it re-
moves old waste matter you never
thought was in your system. Let Ad-
lerika give your stomach and bowels
a REAL cleansing and see how much
better you will feel. It will surprise
you! H. W. Chambers.

Mrs. Pearl Mjolsness gave dance
and shower in the I.O.O.F. Hall
in honor of Miss Mary Webb and
Perlis Wiegand whose marriage
took place on January 26th. Over
one hundred and fifty guests were
present and all enjoyed themselves.
The bride received many beautiful
and useful gifts. The music was
furnished by the Rosebud Popular
Orchestra. We all join in wishing
them happiness and prosperity in
their married life.

On Wednesday, February 15th,
there will be shown at the Didsbury
Opera House, "Spoilers of the West"
starring Tim McCoy.

In making up our local columns
last week, we neglected to say that
the Rev. A. E. Hayes was acting
chaperon to those "Three Muske-
teers" sojourning in Calgary that
week-end. A neglect we are most
acutely sorry for. Adios.

24 Years Ago

"Chick" Bricker had the misfor-
tune to get his hand badly bitten by
his dog.

Mr. W. H. Greenwood, of Car-
stairs, had 25 acres of oats that ran
70 bushels to the acre.

Mrs. Muir, Miss Gentles, Messrs.
Weir, Shantz, Scarlett and Downie,
all of Carstairs, accompanied the boys
to Gids.

Mr. James Gordon, of Stratheona,
was in town this week on the nursery
trade.

Three miles out of town a quarter-
section with buildings on it and 55
acres of stubble ready for crop were
selling at \$12.50 an acre.

20 Years Ago

J. Baptist bought Jos. Dolan's dray
business.

N. Weicker and his bride returned
from Ontario.

W. Wells was married to Miss
Anna Lundy of Innisfail.

Eph. Scheidel died of blood poison-
ing in Carstairs.

E. Sherrick, former blacksmith of
Didsbury, located at Mayton and con-
ducted services for the Mennonite
Church.

15 Years Ago

Mrs. F. B. Milstead, of Victoria,
B.C., was visiting her sister, Mrs.
H. B. Booker.

J. H. Quirk sold his hotel to the
Calgary Brewing Co.

Norm Weicker sold his store and
residence on Shantz Ave. to Mr. V.
Snyder.

So. Reiber was appointed manager
of the Didsbury Furniture Store.

Mr. Theo. Reist hatched out a
bunch of chickens by the end of Janu-
ary.

J. McGhee, G. Sexsmith, Grant, C.
Smith, M. Leisemer, C. Reiber, W.
Shantz went down to Carstairs to
play a game called hockey and won
by the score of 15-2.

10 Years Ago

A fine programme of songs and
dances was given in aid of the Wom-
en's Institute this last week by the
following: Mrs. H. W. Chambers,
Mrs. J. Hugot, Mrs. W. Keely, Miss
D. Acton, Miss M. Chambers, the
Misses Lucile and Laura Smith,
Laura, Evelyn, and Orfa Liesemer, A.
Schmelkie, Reta Weigand, Shantz,
Wilson and Ross and Master Aylmer
Liesemer.

Miscellaneous.

Wanted

Fresh milch cows. Springers. Kendrick & Good. Phone 37.

For Sale

For sale or rent 8 room house, garage, chicken house, stable for one cow, five acres of rich land divided into three fields, 2 acres in pasture. Ideal chicken ranch or truck farm, plenty of good water, situated half mile from Didsbury post office. J. C. Stevens, Box 36 Phone 138. 2-9

Notice

As it has been reported that I am going out to my farm this spring, I would say my farm is still for rent until February 10th. J. C. Steven, Box 36, Didsbury. 9

For Sale

Good Seed Barley, Oats and Ruby wheat, also a number of first class milch cows coming in after March 1st. G. A. Burns, Phone 503. 2-16

Wanted

Chopping done at Peter Johnston's farm every Friday and Saturday. Phone 406. 2-16

Lumber for Sale

If you want Lumber, get it from me. 15 miles west and 3 1-2 miles north of Didsbury. J. W. Sutherland. Phone 1703

For Sale

8 Tons of good timothy hay in stock or will trade on hogs or milch cows. Phone 123. A. W. Axtell. 2-11

Wanted

Set of single harness and new buggy shaft. Apply Pioneer office.

For Sale

For sale or trade. 1 Bronze Tom. Phone R108.

For Sale

14 Inch gang plow and 8 ft disc harrow in good repair. Esler Bros. Phone R415 2-16

Special

Feb. 2 to 25

Canada To The Fore

Canada's amazing progress in the last few years is challenging the attention of the world. That progress is based not only on the great variety, extent and richness of this country's natural resources, but is founded in the renewed faith of Canadians in their Dominion and in the confidence they have in themselves, a faith and confidence born largely of the really tremendous achievements of Canada during the years of the Great War. In that titanic struggle the people of Canada showed wonderful energy, displayed great initiative, unsurpassed organizing ability, and hitherto undreamed of powers and strength. Thrown to a large extent upon its own resources, financial and otherwise, the Dominion courageously faced all problems and did so with marked success.

Few countries, if any, weathered the stormy days and difficult conditions of the after-the-war and reconstruction years as successfully as did this Dominion. Canadians became conscious for the first time of their national strength; the people discovered their national soul. Their former doubts and timidity, their self-depreciation, and what has commonly been termed their inferiority complex, disappeared, and has been replaced by courage, confidence and superb faith.

In former years it is true, Canadians had successfully grappled with large and difficult domestic problems, but, in these more recent years, the Dominion has boldly taken its place in the world arena. Its position today in the Councils of the League of Nations is an outstanding one, its place in the Commonwealth of British Nations is strong and assured. The score or more nations constituting the Pan-American Union, including the United States and the countries of Central and South America, are anxious that the Dominion should join them and give added strength and prestige to the Union, while other nations are encouraging the establishment of direct diplomatic representation with this country.

But even yet it is doubtful if many Canadians fully realize the rapid growth and steadily increasing power of their own country, because, as a rule, the average citizen pays little attention to so-called dry statistics in which the growth of a country is set forth. In a recent speech at Winnipeg, Mr. E. W. Beatty, president of the C.P.R., succinctly and impressively set forth a few facts, which will bear repeating. He noted, for example, the following:

Every working day last year Canadians took from their forests, products valued at \$1,500,000.

From mines they took \$280,000 daily.

Every working day they increased their capacity for manufacturing pulp and paper by 1,000 tons. Canada now manufactures one-third of the world's requirements of newsprint.

Every working day they added 700 horsepower in hydro-electric energy to the power already installed, and at the same time began work that will add 1,000 h.p. every day in the first six months of 1928.

Canada's export trade last year, with less than 10,000,000 people, was equal to the export trade of the United States, when the latter country had a population of 75,000,000.

Commenting on these and other statements in Mr. Beatty's striking survey, a Winnipeg paper asks: "Is it any wonder that in the past two years the Canadian people have been putting \$200,000 into the savings banks every banking day, increasing deposits in other financial institutions correspondingly, investing in life insurance at the same relative rate, buying back millions in securities formerly held in Great Britain and Europe, providing almost unlimited capital for sound industrial enterprises, and have acquired a spirit of solid confidence and self-reliance?"

Nor is it surprising that more people are emigrating from the British Isles to Canada than to any other country, many thousands more than to Australia.

Speaking at the opening of the great 5,500,000 bushel terminal elevator just completed by the United Grain Growers at Port Arthur, President T. A. Cramer predicted that, while Canada was now producing approximately 500,000,000 bushels of wheat annually, and is today the world's greatest wheat exporting country, production would be further increased until this Dominion would be producing one billion bushels of wheat annually.

And the thought for Canadians to keep ever in their minds, and to profit by, is that Canada is only just beginning to get into its stride.

Suggests Cure For Criminals

Physician Would Combat Crime By
Use Of X-Ray

A sentence of "under the ray" instead of the gallows or a drab jail would be meted out to criminals if a group of Wheeling physicians made practical their theory of combating

A Man of Rare Attainment

Honored politically and professionally, during his lifetime, Dr. R. V. Pierce, whose picture appears here, made a success few have equalled. He was the originator of that great herbal tonic, Dr. Pierce's Golden Medical Discovery, the sale of which has, each succeeding year, been greatly increased.

When you feel weak, tire easily, become discouraged quickly and sometimes feel like giving up the struggle, just ask your nearest druggist for Dr. Pierce's Golden Medical Discovery, or "G.M.D.," in fluid or tablets.

Users everywhere laud its praises. Send 10 cents for trial pkg. of tablets to Dr. Pierce's Laboratory in Bridgeburg, Ontario.

W. N. U. 1719

crime through the medium of the X-ray.

The experimenters, headed by Dr. R. J. Hersey, have revealed that for some time they have studied a method consisting of dissolving the thymus gland with the X-ray.

Dr. Hersey said their work tended to show there is a certain gland near the throat of small children which should vanish as the child grows up, but they found it in many criminals and insane persons. It is their theory that this ductless gland causes such persons to be abnormal and that the trouble can be eradicated with the X-ray.

After studying the faces of Nathan Leopold, Richard Loeb and others, Dr. Hersey said he found in all of them the tell-tale characteristics of gland cases.

Alberta Cattle For U.S.

According to figures compiled by Samuel C. Best, American Consul at Calgary, more than \$500,000 worth of cattle from Alberta were exported to the United States between July 1st, 1927, and November 30th. Approximately 12,000 head of stockers, feeders and butcher cattle were shipped south, 1,449 being invoiced through Lethbridge.

World Wheat Pool Conference

Will Be Held In Regina On June 5, 6 and 7

Preliminary arrangements for the third international wheat pool conference were discussed at a meeting of the international conference committee held here in Winnipeg recently.

The conference will be held in Regina, June 5, 6 and 7, and it is expected all the important wheat exporting countries of the world will be represented.

No statement was made concerning the preliminary plans discussed recently, but it was announced the committee would meet again in May to arrange final details.

FOUND A HEALTH BUILDING TONIC

A Nova Scotia Lady Was In An
Anaemic Condition

Men and women who do not sleep well and are not refreshed and strengthened by a night's rest, are generally suffering from thin, watery blood. The nerves fail to get the nourishment they demand and headaches and a worn-out feeling is the result. Building up the blood is the one sure step to renewed health and strength, and for this purpose nothing else can equal Dr. Williams' Pink Pills. From first dose to last they enrich and purify the blood, and in this way promise better appetite, better rest at night, and renewed strength.

Mrs. Mary E. Uhlman, Williams-town, N.S., writes:—"I have received so much benefit from Dr. Williams' Pink Pills, that I would feel myself ungrateful if I did not let you know.

I was in a very poor state of health and reached the stage where I had to remain in bed. A doctor was called in and he told me I had no organic trouble, but was simply run down from overwork. I had been left with a family to support, which I did by dressmaking. The doctor said my blood had almost turned to water, and advised a rest cure. I did not see how it was possible for me to take a very long rest, so I decided to try Dr. Williams' Pink Pills. Soon I found my strength returning and before very long I was able to go about my duties as usual again. This was a few years ago, and my health remained good until about a year ago, when I broke out with humor of the blood. Again I consulted the doctor, who said my blood had become so thin that it had really poisoned itself. I told him I had bought several boxes of Dr. Williams' Pink Pills, and he told me to go on taking them as he thought they were just what I needed. I took eight boxes and again was in good health. I can therefore recommend these pills to all in a weak or run-down condition."

Dr. Williams' Pink Pills are sold by all druggists or will be sent by mail, post paid, on receipt of price, 50 cents a box. Try them today.

Two Trophies For Aviation

Awards For Greatest Feat Of 1927
Exclusive Of Stunting

Two important aviation trophies for the airmen considered to have done the greatest feat of the year 1927, exclusive of stunting, are to be awarded.

One is being given by the Department of National Defence and the other by the International League of Aviators. The latter trophy is accompanied by a cash prize enabling the winner to take part in international aeronautic events. The aviation League of Canada is charged with the choice of the winner.

The name of Captain F. Stevenson, former pilot of the Western Canada Airways who attained the record of 800 hours flying last year is mentioned in connection with the government trophy. Captain Stevenson was killed recently near The Pas, Man., but it is believed a posthumous award would be in order.

Good Market For Milk Products

It is estimated that the production of milk and milk products in Canada is worth \$250,000,000 per annum at the present time. The prospects of two markets for Canadian producers, the old established one in Europe and the new one in the United States, makes the outlook for the industry decidedly rosy in the opinion of the Dominion Dairy Commissioner.

Negro Becomes Wealthy

Tom Johnson, 54, a negro plasterer, of Mayfield, has been informed by an attorney from Tulsa, Okla., that he is owner of a quarter-section of land there upon which are located forty or more producing oil wells, and thus his wealth ranges somewhere between ten and twenty millions.

Minard's Liniment for asthma.

Radio Telephone Links

Winnipeg and London

Conversation Carried On Between
Western City and Mother
Country

Linking up the gateway of Western Canada with the mother country, a trans-Atlantic radio telephone conversation between Winnipeg and London, England, has been successfully carried out. For 15 minutes an official of the Manitoba Government Telephone System conversed with a member of the London postal telephones. So clear was the reception that the London official complained of the tap-tap of the telegraph ticker in the Winnipeg office.

"For heaven's sake stop that telegraph ticker in your room, it is deafening," he said to William Walton, long distance chief of the Manitoba telephones.

The call as it came to Winnipeg, a distance of about 5,000 miles, passed through New York, Chicago, Minneapolis and Fargo, N.D.

New Anti-Aircraft Gun

Weapon Has Vertical Range Of Three
Miles

A new three inch anti-aircraft gun and mobile mount has been designed by the Ordnance department of the United States army and adopted by the war department.

This new weapon is capable of sending 25 shots a minute almost three miles straight up and its horizontal range is more than twice that distance. Its mobile carriage presents the latest developments, combining stability and mobility, and can be placed in readiness to fire in 15 minutes from a carrying position. It is so light that it can be moved across the country by a standard four wheel drive truck.

Filling Up Vacant Spaces

53,000 New Colonists Added To Can-
ada's Population In 1927
Through C.N.R.

Approximately 53,000 new colonists were directly added to Canadian population in 1927, through the instrumentality of the Department of Colonization and Development, Canadian Pacific Railway. Of these roughly 35,000 moved directly through channels created by the Department into agricultural or domestic service, farm training or farm ownership. Settlers moved from the United States by the Department's organizations totalled 11,000, practically all of which are established on farms.

LESSON No. 14

Question: Why is emulsified cod-liver oil so efficient and so beneficial a food-tonic?

Answer: Because it is so easily assimilated and quickly builds up strength. Multitudes use it every day as in

SCOTT'S EMULSION

Reach Better Understanding

Friendly Relations Between North and South Of Ireland

Viscount Craigavon, premier of Northern Ireland, in a speech at Belfast City Hall, said he was glad to state that friendly relations between the Irish Free State and Northern Ireland are growing better every day.

It is the desire of all citizens, he said, that they should have only the best relations with such close neighbors.

Miller's Worm Powders will eradicate the worm evil that bears so heavily on children and is believed to cause many fatalities. They are an acceptable medicine to children and can be fully relied upon to clear the food channels thoroughly of these destructive parasites and restore the inflamed and painful surfaces to healthfulness. They are an excellent remedy for these evils.

The total crop of coca of the South American countries for last year exceeded 75,000,000 pounds.

Only the uninformed endure the agony of corns. The knowing ones apply Holloway's Corn Remover and get relief.

More than three-fourths of the coca leaves raised are consumed by the native Indian population.

Woodsmen—Keep Minard's handy.

In New York City alone it is estimated that 100,000 women daily have their hair marcelled.

Demand

BAYER

ASPIRIN

The whole world knows Aspirin as an effective antidote for pain. But it's just as important to know that there is only one genuine Aspirin. The name Bayer is on every tablet, and on the box. If the name Bayer appears, it's genuine; and if it doesn't, it is not! Headaches are dispelled by Aspirin. So are colds, and the pain that goes with them; even neuralgia, neuritis, and rheumatism promptly relieved. Get Aspirin—at any drugstore—with proven directions.

Physicians prescribe Aspirin; it does NOT affect the heart

Aspirin is the trade mark (registered in Canada) indicating Bayer Manufacture. While it is well known that Aspirin means Bayer manufacture, to assure the public against imitations, the Tablets will be stamped with their "Bayer Cross" trademark.

MANITOBA'S NEW LIQUOR BILL IS FINALLY ADOPTED

Winnipeg.—With but brief debate, Manitoba's new liquor bill, which provides for the sale of beer by the glass in hotel parlors and clubs, and the purchase of hard liquor under a cash-and-carry system from Government commission stores, was adopted in the Legislature.

The act probably will be proclaimed February 15, Hon. W. J. Major, Attorney-General, stated recently. Preparations for opening beer parlors are well under way by hotel men in city and rural districts, and extensive alterations have been made by some in fitting their premises in accordance with the new act.

Under the act, provision is made for taking a local option vote in the 23 "dry" constituencies of the province.

The Manitoba Liquor Commission is given wide powers under the act, and severe penalties for infractions are provided. The Government will take all liquor profits, instead of dividing them with the cities and municipalities as at present, and has the right to purchase or build a brewery, if conditions warrant.

Stories Are Discredited

Talk Of Semi-Tropical Land In Northern B.C. Is Largely Fiction

Ottawa.—The making of aerial maps is resulting in a greater influx of prospectors to Canada's many mining fields and is a time-saver for company organizers, A. H. Narraway, chief aerial survey engineer of the topographical surveys, told the convention of Dominion land surveyors here.

Mr. Narraway declared maps being made through the use of aerial photography were actually the best and most accurate obtainable.

Talk of newly discovered semi-tropical land in Northern British Columbia which was said to be kept warm through the eruption of hot springs was largely fiction, according to a report read to the delegates by K. P. McCusker.

Speaking of a recent survey he conducted in the northern stretches of the Pacific coast province, Mr. McCusker said he had found luxurious meadows and prairie land and large stretches of open country which he termed "summer-land." It could not be classed as semi-tropical, however, the speaker declared. The country abounded in game, goats, sheep, caribou and grizzly bear. Grass grew to such a height that it was clear no heavy snow fell during the winter.

Reveals Operations Of Smugglers
New York.—A confession of Florent Lamotte, a sailor, has revealed the operations of the diamond gang, which has smuggled hundreds of thousands of dollars worth of diamonds from Europe during the past year. He confessed to bringing 55 packages of diamonds into New York last year. Arrested last November, Lamotte had \$100,000 in diamonds concealed in the heels and toes of his shoes.

Dairy Production Declines
Calgary.—Tremendous prosperity among the farmers of Alberta, following remarkably successful seasons for grain growers, was held by Hon. George Hoadley to be partially responsible for the serious decline in dairy production which had been observed in the province last year. Mr. Hoadley was addressing the manufacturers' section of the Alberta Dairy-men's Association 23rd annual convention.

Would Outlaw Submarines
Washington.—A demand that the submarine be outlawed as a weapon of naval warfare was made in the House, Tuesday, by Representative Frothingham, Republican, Massachusetts. He proposed that the nations of the world unite in abolishing the submarine and prohibit its construction.

The three largest hotels in the world are the Pennsylvania and the Commodore in New York City and the Stevens in Chicago.

W. N. U. 1719

New Governor Installed

James McNeill Takes Over Administration Of Irish Free State

Dublin.—Escorted by a troop of Free State Cavalry, James McNeill, new governor of the Irish Free State, went to Leinster House where the chief justice administered the oath of office.

The cavalry escorted Mr. McNeill and his wife, who rode in a motor car over a route of three miles to the viceregal lodge.

There was no demonstration en route and the spectators were drenched by a heavy rain.

After the oath had been administered Governor-General McNeill was presented to all the high Free State officials and their wives and then went to Leinster Lawn where his first public act was to place a wreath on the cenotaph there in honor of the Irish patriots, Arthur Griffith and Michael Collins.

Timothy Healy, the retiring governor-general, had quietly vacated the viceregal lodge overnight with his daughter, driving to his old home in Chapelizod on the banks of the Liffey.

Land Surveyors In Convention At Ottawa

Report Of Summer's Work Is Given To Government

Ottawa.—After months spent in the uninhabited or sparsely settled sections of Canada, the Dominion land surveyors are here to compare notes, exchange experiences and to lay before the Government and the people of Canada the result of their summer's work.

When the convention opened about 100 surveyors and engineers took part. R. W. Cautley, of Edmonton, the president of the association of Dominion Land Surveyors, occupied the chair. His address was the feature of forenoon's meeting.

The tremendous area in Canada which still remains practically unexplored and unknown was emphasized by Mr. Cautley.

"No surveyor has ever set foot on the greater part of Canada," he said, "and less than one-quarter of our wonderful country has ever been adequately mapped out or can be until the surveys are made."

Other Nations Would Like Canadian Envoy

Would Mean Admittance Of Canada To Pan-American Union

New York.—Although members of the Canadian Government have stated that the Dominion will not take the initiative in applying for membership in the Pan-American Union, a special dispatch to the Herald Tribune from its correspondent at Havana indicates that Canada would be speedily admitted, provided she extended her diplomatic connections to several Latin American countries.

Described as "curious developments running under the surface," the dispatch says: "Unofficially a suggestion has been made to persons who would transmit it to the proper Canadian authorities, that if the Canadian Government would send diplomatic representatives to Chile, Argentina, Brazil, and Mexico, as she has done to Washington, she would be speedily admitted to the union."

Form New Federation

Winnipeg.—With 200 Hungarians present, the Federation of Canadians of Magyar Descent was formed at a convention here. Dr. John Ujvary, Regina, was elected president and Nicholas Istovffy, Hamilton, Ont., secretary. The objects of the federation are to create citizenship organizations which would make the descendants of Magyars who came to the Dominion full-fledged Canadians, assist them in land development work and aid in philanthropic and charitable operations.

Canadian People Confident

Halifax.—"I am struck by the note of confidence which Canadian people have regarding the future of this Dominion and also by the enlargement of knowledge which you have regarding Canadian resources, both agricultural and mineral," declared Rt. Hon. L. C. M. S. Amery, Secretary of State for the Dominions, in an interview at Government House, where he was entertained during his brief stay in the city.

President of Irish Free State

Liam T. Cosgrave, head of the Irish Free State Government, who recently paid a visit to the United States and Canada.

Sees No Possibility Of Peace Department

But Resolution Will Start Debate Says Miss MacPhail

Windsor.—Terming Toronto the "most reactionary city in Ontario," Miss Agnes MacPhail, M.P., speaking at the banquet of the Border Cities Business and Professional Women's Club, delivered a vigorous attack on war, its makers and planners.

Miss MacPhail said she had placed a resolution upon the order paper at Ottawa calling on the government to authorize the formation of a government department for the promotion of international peace and goodwill.

"We have a department that is doing all it can to promote the military spirit," Miss MacPhail said. "Why should we not have a department working to definitely promote the spirit of amity and international friendship? I know my resolution won't carry, but it makes excellent ground for debate."

Urges Sales Agency

Winnipeg.—Establishment of a national co-operative selling agency to handle the products of the various provincial organizations was advocated by C. B. Gooderham, Dominion applanist, at the annual convention of the Manitoba Beekeepers' Association. Mr. Gooderham also urged Government standard grades for honey, and curtailment of the present price cutting and individual selling.

Strengthen Italian Army

Rome.—The Fascist militia will be incorporated into the regular Italian army in war time, Premier Mussolini announced. The announcement was made in the course of a review of the militia upon the fifth anniversary of its foundation.

Pay Tribute To Senator

Present Portrait To Senator Desaulles To Commemorate Hundredth Birthday

Ottawa.—The remoteness and the nearness of those stirring events which have given their color to the history of Canada were strikingly emphasized when both Houses of Parliament, having adjourned for the occasion, a portrait of Senator Georges Casimir Desaulles was presented to him by his fellow parliamentarians, in commemoration of the 100th anniversary of his birth. Hon. Mr. Desaulles celebrated his centenary, September 20, 1927.

Hon. Hewitt, Bostock, Speaker of the Senate, made the presentation in the Senate chamber.

Right Hon. W. L. Mackenzie King, Prime Minister, expressed his pride in having the honor to join with the Senate in congratulating Hon. Mr. Desaulles on the age he had attained and on the service given with such great distinction to himself, his province, and to his country. It would be of interest to all to know that in the rebellion of 1837 Mr. Desaulles, then a boy of ten, was placed under arrest and although not imprisoned, was put under surveillance for almost a year. Senator Desaulles at present had a distinct recollection of the stirring events of those days. His mother was a sister of Louis Joseph Papineau.

Hon. R. B. Bennett, leader of the Opposition in the House of Commons, associated himself and the Opposition with the Prime Minister's sentiments.

Ban On Export Liquor Houses

Lash Is Suggested As Penalty For Drug Peddlers

Victoria.—Discussing liquor legislation in the Legislature, Attorney-General A. M. Manson said the fight begun in 1922 had now borne fruit and export liquor houses were to be put out of business. In view of the unanimity in this respect among the provinces, he did not think the Senate would venture again to reject the legislation, as had been done twice before after it passed the House of Commons.

He was hopeful also, he said, that the Federal House this year would adopt the British Columbia suggestion that the lash be added to the penalties for drug peddlers.

Order American School Closed

Constantinople.—The government has ordered the American school at Broussa, Turkey, closed on the ground that it has broken Turkish law by converting students. The government recently investigated the school after it had been reported that four Moslem girl students had been converted to Christianity. The Turkish law prohibits religious propaganda in the schools.

PRAYER BOOK REVISION IS STILL A LIVE QUESTION

London.—The controversy here over the Church of England prayer book continues unabated.

At a meeting of the London Diocesan Association of the Federation of Catholic Priests, an Anglican body, a resolution was passed urging the whole question of the revision of the prayer book should be postponed until after the Lambeth conference of 1930. The resolution declared the bishops' amendments in the deposited prayer book were not likely to commend themselves either to the Anglo-Catholics or the Evangelicals, and it pointed out there were churches in communion with the Church of England that had not yet been consulted with regard to the alterations in liturgical standards.

Lord Halifax, a leader in the Malines conversations, insisted on a similar measure of freedom being accorded the Church of England as is now enjoyed by the established Presbyterian Church of Scotland. He expressed the belief that if the people of the church united on this they could command success, but that otherwise they would remain powerless.

These are anxious times for the church, said the Archbishop of York, speaking at the opening of a mission exhibition at Sheffield recently. "Those of us who are in a position to know, are aware that the decision to be reached next week in the church assembly may involve the whole course of history for the church of this land. We pray we may have the wisdom to discern God's purpose and the courage to follow it," he said.

Building Starts At Flin Flon

Bank Already Erected and Contract For Drug Store Let

Flin Flon, Man.—That the much talked of Flin Flon mine promises big business in the future is proven by the fact that the Royal Bank of Canada has built a branch there. This is the first business to be started since the taking up of the option, and the bank will be followed shortly by a drug store, the contract for which has been let.

The new Flin Flon hockey team has accepted a challenge from the Northland Hockey Association for a match during dog derby week, and this will probably be arranged. A first class rink has been built at the mine and the miners are busy practicing for the March date.

Youthful Burglars Captured

Two Gangs Are Rounded Up By Winnipeg Police

Winnipeg.—Two gangs of youthful burglars, members ranging in age from 14 to 19 years, and totalling 11 in number, have been rounded up by police recently. One gang devoted its efforts exclusively to stores and residences in the west end of the city, while the other gang operated over a wide area in Manitoba and Saskatchewan.

The first group of youthful bandits was gathered in by police as the result of an investigation into a series of store robberies. The second coup was made when the youths were surprised by police while in the act of robbing a local drug store.

Naval Men Go To England

Winnipeg.—On their way to England to man the new destroyer, "Tormentor," and bring her back to Canada, three officers and 64 petty officers and men of the Royal Canadian Navy, passed through Winnipeg recently on the Canadian National Railways. They will sail from Halifax on the steamship Lapland. The sailors are from Esquimaux and were the crew of the "Patrician."

Had Completed War History

London.—The Daily Sketch said that it was understood that the late Earl Douglas Haig had completed a history of the great war. The book was said to have contained more of the secret history of the conflict than is now available, and Earl Haig decided that it should not be published during his lifetime. It is believed that he left implicit instructions how the book should be dealt with.

Two Fliers—Air and Snow

F. Trubee Davison, assistant United States Secretary of War in charge of Aviation, is having a look at "Mountie," famous huskie with the Chateau Frontenac dog team, while his driver and owner, Arthur Beauvais, is answering questions. Mr. Davison is up at the Chateau Frontenac taking in the Quebec Winter sports season and Mountie is doing his bit towards making it a success. Whenever he appears in the lead of the dog team he draws all eyes, for Mountie used to lead the patrol of the Royal Canadian Mounted Police in the Far North and has earned the Victoria Cross, men say.

Notice

ON or about February 20th I will hold a Union Auction Sale at my Livery Barn. I want horses, cattle, and everything else you want to sell. Bring your stuff in before the TENTH. Have your horses broken and in good shape, as I expect some outside buyers in for this sale.

Wm. Burrell.

Mountain View Notes

The January meeting was held at the home of Mrs. James Worrell. It was decided to hold a baby clinic in June and also decided to have a raffle course. A prize will be given to the members who attend the greatest number of meetings.

A Whist Drive, Oyster supper, and dance will be held in Mountain View Community hall on Friday, February 17th.

Mrs. Archibald gave a very good paper on Canadian industries.

Mrs. Chandler and Mrs. Barnes as joint hostesses invited the ladies to the home of Mrs. Barnes.

N. S. Clarke and C. W. Gibbs, of Didsbury, were recently elected delegates to the Alberta Fair Pool's Convention to be held in Edmonton, February 15th.

Church Announcements

Evangelical Notes

The Evangelical meetings have been progressing very favorably this week. Rev. Krueger's sermons have been very pointed and of a deep, heart searching nature. Up to the present the messages have been directed mainly to the Christians for "instructions in righteousness" and they have been well received by the audiences.

Each week-night meeting begins with a song service at 7.45 o'clock. There is also an afternoon meeting for Bible study on vital themes of Evangelism at 3.00 o'clock daily, omitting Saturday. These meetings will continue until Feb. 19th. Young and old are all cordially invited to every meeting.

The W.M.S. "Day of Prayer" services last Sunday were very inspiring and a good missionary offering plus the preceding "Self-Denial week" offering was also received.

Knox & Westcott

Knox, Didsbury, at 7.30 p.m. Lone Pine Sunday School at 2 p.m. Church services at 3 p.m.

For a while longer the best that can be done is to give Westcott and Lone Pine alternate Sundays. It will be necessary to miss Westcott, February 12th.

ST. CYPRIAN'S (Church of England)

Priest-in-charge, Rev. H. Clay Box 157, Olds.
First Sunday in the month—At noon at 3.00 p.m.
Third Sunday in month—Morning at 11.00 a.m.
School is held every Sunday

Notice

For Nominations for Elections

The Municipal District of Mountain View, No. 310, Municipal Elections 1928.
